Dear Future Client of Beyond Stone Solutions-

I am writing this letter to recommend Beyond Stone Solutions. We have worked with Dan and Lisa Brewer and their staff for several years now. They have completed work in our common areas, as well as assisted residents with jobs in their units. They are professional and quick to respond to requests.

When their staff arrives on property they are punctual, aware of our rules and trained for the job they are scheduled to do.

I would not hesitate on referring Beyond Stone Solutions.

Sincerely,

Sue Cohee
